Scholarships offered through this program have the potential to cover up to 100 percent of tuition and eligible charges for the 2019-2020 school year. Under the Tax Credit Scholarship Program in the "Invest in Kids Act", individuals and corporations will make donations to Scholarship Granting Organizations (SGO) that will distribute scholarships to qualified students. Then, the scholarship-granting organizations can use the donated money to give scholarships to qualifying low-income and working-class students, who can use them to attend Catholic and private schools.

Children already attending a Catholic school can participate in this Scholarship Tax Credit that seeks to provide an opportunity for all students statewide to attain a quality education.
